according to Seven Locomotives and Railway Station Are Carried Down by Snowslide.

> DARKNESS ADDS TO HORROR OF SCENE

Floods and Washouts Create Havoc in Many Parts of the Country.

SEATTLE, March 2 .- Twenty three tilled, a score more seriously injured. ister created by an avalanche which tore down the mountain side near Wellington last night.

The two trains were passing each other at the west entrance to the Casdents of the ses | like paper shells. Two hundred feet on by Mr. over a precipice the doomed train went. President landing at the bottom under a crushing

The passengers were asleep at the time and the first intimation which they had of impending disaster was when nial of Mr. Pinchot's statement that turned violently over and pitched down

The same avalanche picked up seven becomptives which were housed at the station and swept them down into the mass of mangled humanity, twisted steel and general rain. The railway station was also caught in the leviathau grip and, with its occupants, pitched to its doom on the rocky ledge tienestic
